Dear Colleagues,

It is soooo good to be back "home" in Congo. We have missed it so very much. With our arrival has been the wonderful news of water on the mission for the first time in 39 years. As the saying goes: a picture is worth a thousand words. Enjoy the pictures!

This water project has been a slow 3 1/2 year process but we have been faithful as well as the Lord and our Congolese brothers working on the dam/water project during our absence.

Dam (left)

56 year old pump/ram in full operation for the first time in 39 years! (above)

Tower (right)

We are thankful for Round Rock UMC in Texas and the 'Drops of Grace' Ministry in that church. One of their goals is clean easily accessible water for the villagers. Water brings many blessings!

Lining Up for Water (upper right); excitement (above); Bringing the Water home (lower right)

We are all blessed!

Paul and Marty
